

Want to Join Flicks in the Sticks?

Flicks in the Sticks is a part of Arts Alive in Shropshire and Herefordshire, which is a registered Charitable Trust.

We rely on public investment to be able to continue to tour films to village halls throughout the two counties, and this public investment is of course getting less!

If you are thinking of holding a Flicks in the Sticks night read on!

1. Independent Flicks Promoter

If you have all the necessary equipment to do the screenings yourself, you could become what we call an 'independent promoter'. You could apply on this basis at any time and the cost per screening would be £79 or 35% of the box office, whichever is the greater, plus a £10 booking fee including VAT (unless you are VAT registered then it is plus VAT).

As you have all the equipment we would just book the film rights, publicize your screening on our website and you would do the rest. We would give you login details to our website, where you will find a host of film finding resources and where you will complete your audience return after the screening and print your invoice.

2. Regular Flicks Promoter (where we provide a technician and the screening equipment)

If you live within the Counties of Shropshire and Herefordshire

Unfortunately, at the present time we have no vacancies on the Flicks in the Sticks scheme due to funding restrictions, but if you would like your hall to be placed on our waiting list, please fill in the form below and we'll see what we can do. We do get gaps from time to time, so it may be possible to arrange something – or at least a trial.

Where we receive an application from a venue within 5 miles of an existing venue, it is our policy to contact the promoter to ask their thoughts and see what concerns they have, if any, before we consider the application. Where promoters are located close to each other, they are expected to work together regarding dates and film selection.

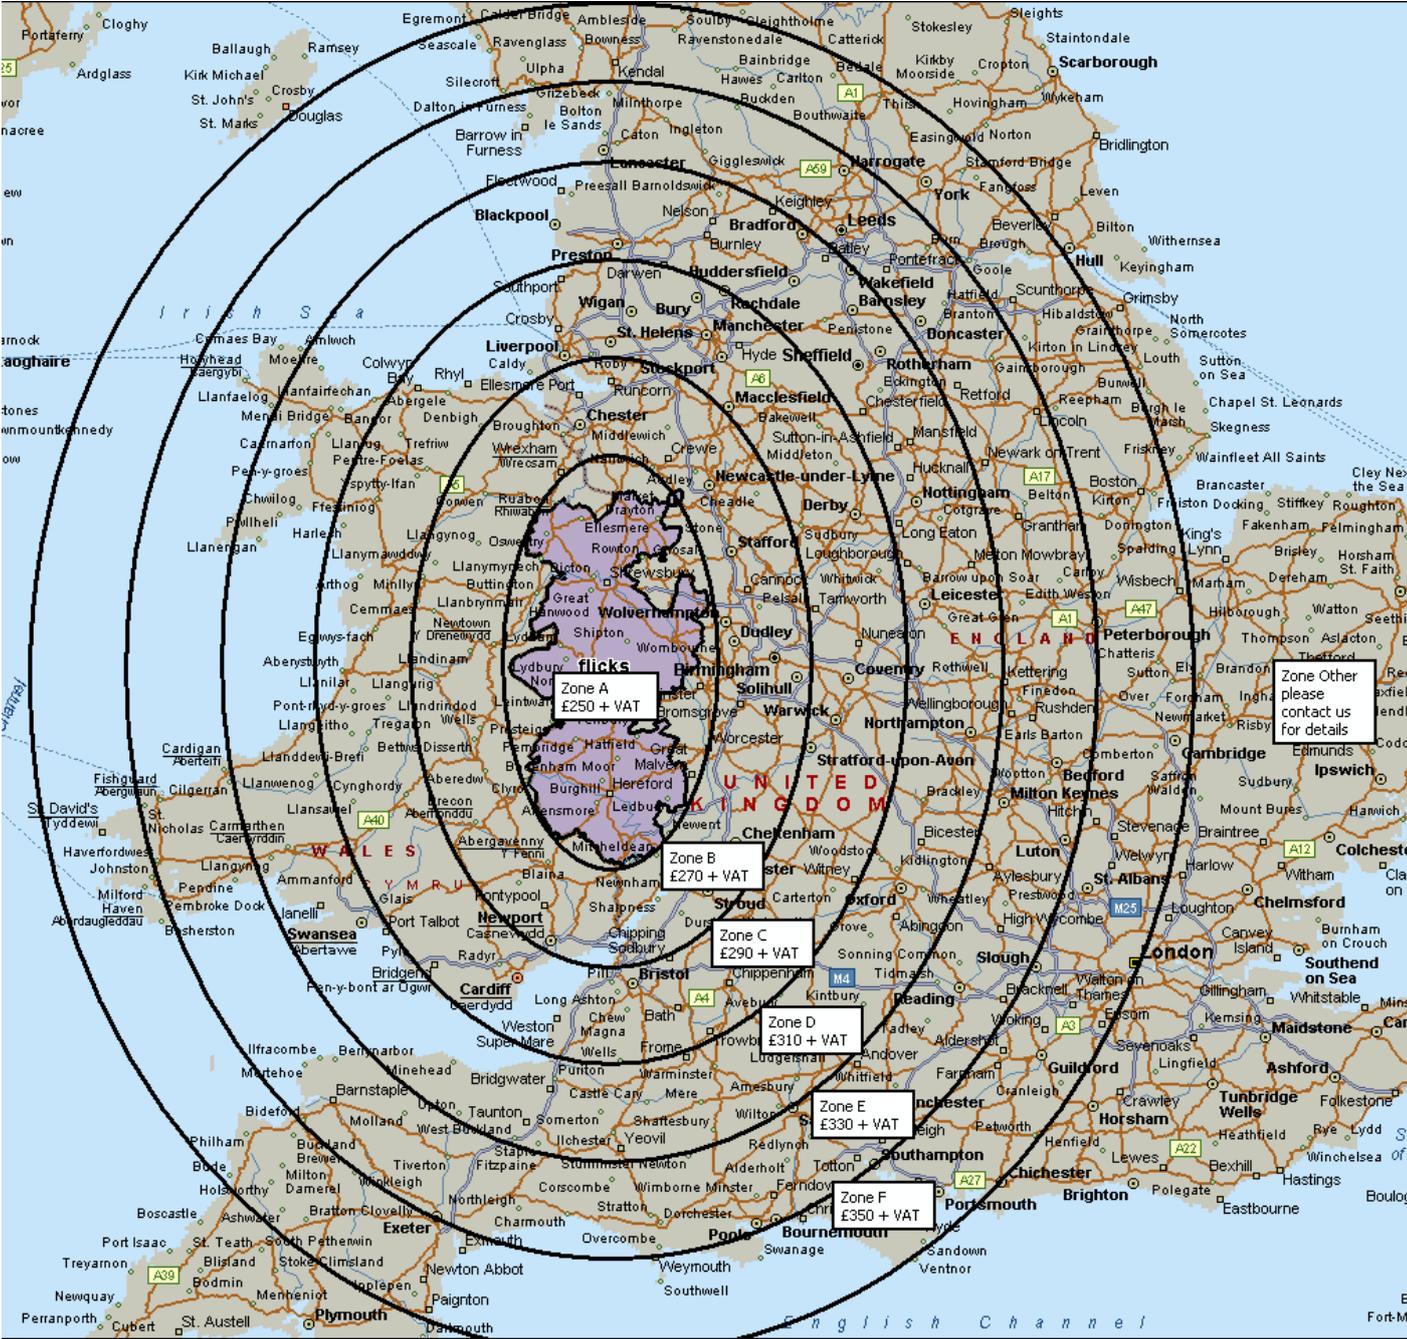

3. Other Flicks Services

If you don't fit into one of the categories above!

We have to charge a more commercial rate for screenings outside of Shropshire and Herefordshire, where you don't have your own equipment. As you will appreciate it is quite costly sending a technician, paying for the upkeep of the equipment and paying the film rights which can cost £100.

Please see map on following page to give you an approximate idea of the costs involved.
