

Information for artists applying to be included in Arts Alive promoter menu

Applications from companies

We keep our application process open all year round, however for inclusion in the next autumn/spring promoter menu artists applications will close mid February proceeding the autumn/spring season (i.e. closing February 2023 for Autumn/Spring 23/24)

For suitable shows we do also have other partner programming opportunities outside of these timescales; particularly for our children and young people's work.

Artists Menu Decisions

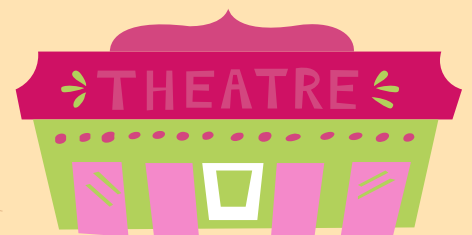

We will endeavour to let all artists included in the menu know by early March.

At this stage we will ask for a confirmation of 3 consecutive dates that can be held by the artist and offered to promoters via the menu.

We will also request a show Risk Assessment and sample of publicity.

Promoters Menu and Showcases

We will publish our promoter menu in early-mid April each year and hold showcases (both in person and online) to introduce each of the companies to our promoters around this date. You will be invited to participate in these showcase events

Bookings and Contracts

Promoters have until mid May to request bookings from the menu. We aim to contact companies by the end of May to let them know if they have been successful and to discuss and confirm any bookings.

Unfortunately, inclusion for artists in the Menu does not guarantee a booking.

Once the program has been finalised, we will write to confirm bookings and issue contracts.
